. Sir:
. Sir:
In response to the Office Letter mailed _09/10/07_, please amend the above application as follows:
Claims: Claims 1 - 11 (Cancelled)
Claim 12.(New) An apparatus for simultaneously suspending, agitating, and entraining a
compost nutrient water culture, comprising:
a beaker having a predetermined cross-sectional shape for containing said compost
nutrient water culture, an open top and an open bottom;
a lid and strainer covering said open top;
a vibrating perforated elastic membrane transversely covering the open bottom of said
beaker;
